List of cult films

Cult films are films with a dedicated and passionate following, often defined by their opposition to mainstream appeal and traditional cinematic norms.[1] While the term lacks a singular definition, it generally includes films that inspire devoted fan engagement, such as cosplay, participatory screenings, and festivals.[1][2] Some scholars argue that cult films must have a transgressive or subcultural quality,[3] though definitions have expanded over time to include mainstream films with unconventional elements.[4] Critics have noted that the term is increasingly vague, with mainstream recognition and marketing blurring its original oppositional identity.[5][4] Cult films often thrive on their inherent contradictions—celebrated for qualities both good and bad, artistic and exploitative—highlighting the subjective nature of art and fandom.[6]
